OPERATOR AND ASSISTANT INFORMATION

Form section for Public Display Operator including Name, Phone, Age, Address, License No., and Verification.

Form section for Operator Assistant including Name, Phone, Age, and Address.

COMPLETE A DETAILED MAP OF THE DISPLAY SITE SHOWING THE FOLLOWING:

1. **Fall-Out Area:** the area over which aerial shells are fired. The shells burst over this area, and unsafe debris and malfunctioning aerial shells fall into this area. The fall-out area is the location where a typical aerial shell dud will fall to the ground considering wind and the angle of mortar placement.
2. **Discharge Site:** the area immediately surrounding the area where fireworks are ignited for an outdoor display. Include all dimensions of the discharge site.
3. **Display Site:** the immediate area where a fireworks display is conducted and shall include the discharge site, the fallout area, and the required separation distance from the fireworks discharge site to spectator viewing areas. The display site does not include spectator viewing areas or vehicle parking areas.
4. **Distance:** from point of discharge to spectators, overhead obstructions, buildings, highways, parking areas. Show distances in feet.
5. **Fire Protection:** describe type and amount of fire protection equipment that will be on site and note on map location(s) of equipment
