The Douglas County, Kansas District Court Youtube page will only show videos as they are being livestreamed.

Not every hearing will be livestreamed. Division 2 typically only livestreams the weekly docket on Wednesday at 2:00 PM.

You can enter the url above into a browser or search for Douglas County Kansas District Court on Youtube.

The page will have an icon with the white courthouse, as shown below.

You will need to click on the Live tab and then the link for Division 2 to access the live broadcast.

Once the proceedings have concluded, the stream will end and the video will not be retained.
